This is your chance to display your project work from the past year.

- Create a tri-fold board that shows a skill you learned or activity you completed this year in your 4-H project. Refer back to your 4-H project card from October if you don't remember your project area.
- Prepare a 1-2 minute elevator speech about your project. Tell us what your goals were, learned, what you have done, and what you want to do in the future.
- Practice your elevator speech, and use your board as a visual aid.
- Be prepared to answer questions about your project.

RULES

- 1-2 minutes for an elevator speech.
- Tri-fold boards should be neat and easy to read.
- Pictures are appreciated.
- Include a title on your board.
- Include 4-H or an official clover (see right) somewhere on your board.
- You may include items with your display to support your presentation.
- Follow all school rules.

Meeting Date:
